Dear Parents and Community,

This week work commenced on the upgrade of the tennis court. This has only caused minor disruptions to play time as this has progressed. Once the initial works are completed the court will still be fenced off until the surface is repainted. We anticipate the court will be ready for use at the start of next term.

With the increase of student numbers this year we have seen increased traffic in the car park. In particular during pick up times, either side of 3pm. It is important that all parents respect the rules of the car park, thus making it orderly and efficient during this peak time. It is also extremely important for the safety of the children that everyone parks their car with the rear end in against the fence.

Yours sincerely,

Troy Coombs
